FOR IMMEDIATE RELEASE

Promena Business Review Unveils “Best Of” Issue,

Celebrating Legacy While Shaping the Future of Thought Leadership

April 2026 — The *Promena Business Review* proudly announces the release of its highly anticipated **“Best Of” issue**, a curated collection of standout articles that have defined the journal’s voice, impact, and intellectual rigor over the years. This special edition brings together powerful insights across a range of critical topics including strategy, talent, leadership, inclusion, wellness, finance, and more—offering readers a comprehensive reflection on the ideas that have shaped modern business thinking.

The “Best Of” issue serves as both a tribute and a transformation. It honors the journal’s rich history of elevating diverse perspectives from experts, practitioners, and PhD-level professionals, while reintroducing these insights for a new generation of leaders navigating an increasingly complex and evolving business landscape. Each selected piece reflects not only relevance at the time of its original publication, but also enduring value in today’s dynamic environment.

Pam McElvane, CEO and Publisher of Promena, shared: “For this special issue, we selected articles we believe are among the most timeless in their relevance and enduring in their value. These are pieces that continue to speak to the importance of critical thinking and to the continuum of analysis and change that defines effective leadership today. We understand that growth and transformation do not occur in a single moment. They happen over time, through observation, reflection, strategy, conversation, and a willingness to adapt. The articles in this issue reflect that ongoing process.”

Readers can expect a thoughtfully curated experience that bridges past and present. Articles have been preserved within their context, allowing timeless frameworks and tools to resonate with contemporary audiences and echo the voices of the past. From redefining leadership in times of uncertainty to advancing inclusive workplace practices and strengthening financial literacy, the issue delivers actionable knowledge designed to inspire and equip decision-makers at every level.

At its core, the *Promena Business Review* has always been a platform for meaningful dialogue—where academic insight meets real-world application. This special issue encapsulates that mission, showcasing the depth and diversity of voices that have contributed to its legacy while setting the stage for what comes next.

The “Best Of” issue is now available through Promena Media channels. Readers, leaders, and organizations are invited to revisit these influential works, rediscover valuable tools, and engage with ideas that continue to shape the future of business.

About Promena Business Review

The *Promena Business Review* is a thought leadership journal dedicated to publishing high-impact insights from scholars, executives, and industry experts. Through a commitment to intellectual rigor and practical relevance, the journal explores the ideas and innovations driving today’s business world.
